本試題共 5 大題， 1 頁

American Politics and Government 2012 Ph.D. Enrollment Exam (20% each)

(No matter whether your answer to the question is “yes” or “no,” please give reasons and examples in support of your position.)

1. Does the US president always gain the upper hand in its relations with the US Congress?
2. (1) What are the main features of the pure presidentialism? (2) Do you believe that the American presidential system is superior to the British cabinet system?
3. What are the main features of the revised theory of the separation of powers? Could you compare it with the classical theory of the separation of powers?
4. (1) What are the main features of the two-party system in America? (2) Are political parties in decline in America?
5. What are the factors leading to the ungovernability of U.S. modern government?
