Answer each of the following questions in essay form: 100%

1. In a mixed ability class which has 30 to 40 students in one of the junior high schools in Taiwan, how can an English teacher help students who have different levels of English proficiency learn and perform well? 25%
2. Most of English teachers in Taiwan at almost all levels of education settings focus mainly on cognitive domain and psychomotor domain, but only a few would consider that affective domain is important too. Please comment on this issue. 25%
3. Do you agree that a TESOL master program student who receives good education on language learning and teaching can be regarded as a good or qualified English teacher? In other words, do you believe that a good qualified English teacher can be educated? Please state your arguments. 25%
4. The communicative approach has become a mainstream strategy in English teaching, especially in elementary and secondary schools in Taiwan for quite a few years. How do you define communicative approach? How can, for example, senior high school English teachers conduct the communicative approach so that the students can acquire the appropriate language skills? 25%
