本試題共 / 頁

Directions: Answer the following questions in essay form (100%)

1. Write an essay on your understanding of the relationship between language and culture, and explain how this influences foreign language teaching. (50%)

2. It is understood that our language strongly influences an individual's sense of national identity; therefore, if Taiwan decides to implement English as one of its official languages, what do you think are the implications of such a policy on the way we view ourselves. (50%)
